

WELCOME

Let's Get Coding:
A Warm Welcome
to the 7-Day C/C++
Lab Training!

BGI INDORE

Meet Lab Experts

Ms. Manisha Kadam Ma'am
&

Ms. Ayesha Akhtar Ma'am

Why C/C++?

C/C++ are powerful programming languages used in a wide variety of applications, from operating systems to video games. Learning C/C++ will give you a solid foundation for your coding journey.

Day 1: Variables and Data Types

Today we'll cover the basics of variables and data types in C/C++. You'll learn how to declare and initialize variables, and how to use different data types like integers, floats, and characters.

Day 3: Loops and Conditionals

On day 3, we'll dive into loops and conditionals in C/C++. You'll learn how to use if-else statements and loops like for and while to control the flow of your code.

Day 5: Functions and Pointers

Functions and pointers are powerful tools in C/C++. On day 5, we'll cover how to define and call functions, and how to use pointers to manipulate data in memory.

Conclusion

Congratulations on completing the 7-day C/C++ lab training! You've learned the fundamentals of coding in C/C++, and you're ready to take your skills to the next level. Keep coding and never stop learning!

BGI INDORE

Thanks!
